

Position Announcement: Hampton Roads Organizer

Chesapeake Climate Action Network seeks a passionate community organizer dedicated to uplifting community leaders in the Hampton Roads area to take on the climate crisis.

The Hampton Roads Organizer will recruit, train, and mobilize CCAN supporters to fight the climate crisis through advocacy, community education, and local events. Working in coalition with our regional partners, the Organizer will lead the field tactics in our campaign to stop the buildout of fossil fuel infrastructure, empower communities to mitigate the local effects of climate change and advocate for clean energy.

About Us

The Chesapeake Climate Action Network (CCAN) is the only group in the Chesapeake region of Maryland, Virginia, and Washington D.C. dedicated exclusively to building a powerful grassroots movement to fight climate change. We envision an equitable energy future where fossil fuels are phased out and truly clean power sources — efficiency, solar, and wind — sustain every aspect of our lives.

In Virginia, we are working on bold campaigns that would result in energy policies matching the scale of the climate crisis. **Our work has never been more critical as we face stalls and threats of rollbacks at the state and national levels.** For over a decade, we have been pushing the envelope of what's "politically possible" in Virginia, using every tool inside and outside the box - from organizing to lobbying to the law. We are weakening one of the nation's most powerful polluters, standing in the way of two fracked gas pipelines, and we led the charge toward the first 100% clean electricity mandate in the south.

About the Position

The Hampton Roads Organizer will have the skills, passion, and commitment to tackle the biggest problems facing our planet in a region particularly vulnerable to its impacts. We seek a resilient, creative, and strategic problem-solver to join our team. The ideal candidate will see opportunities to build relationships, inspire mobilization, and urge faster and more equitable change to address the climate crisis. They are energized by empowering others and look to put their creativity to work.

This position is full-time, salaried, and exempt from overtime.
