

# 5 Steps to Put On Your Own “Electrifying the District” Film Screening

1. **Think about the communities that you are a part of:** your church, your neighborhood group, your parent group, your soccer team, your family, your friend group. Who might benefit from knowing more about electrification? Who might be interested in learning more? Pick a group you’d like to talk to about electrification.
2. **Find a space.** If your group already has a regular meeting space- it’s easy! You can have people over to your house, or book a free meeting room at the MLK library.
3. Pick a date and time that works for most people, and **invite your group to the event!** You can write your own invite, or use our sample language: [HERE](#).
4. **Reach out to a CCANer.** If you want help planning your event, CCAN can attend, or help connect you with an expert to help support your event. Fill out [this form](#) to request support, or email [ayla@chesapeakeclimate.org](mailto:ayla@chesapeakeclimate.org).
5. **Know what resources are out there.** Refer to [www.dcseu.com](http://www.dcseu.com) for up-to-date information about DC-specific programs including the Affordable Home Electrification Program, Solar for All, and Residential Rebates. There’s even a quiz that can match you with the service that may best suit your needs!
